CØMMUNΞ W1†H THΞ DAARK

OFFICIAL ARTIST BIOGRAPHY / SHORT

COMMUNE WITH THE DAARK is a dark electronic music project heavily influenced by witch house and hardwave. Blending atmospheric soundscapes with deep basslines, the project creates music driven by emotion and connection.

With a background in theater, professional dance, and nearly nine years as a cruise ship DJ, the artist developed an appreciation for music's ability to move people and bring them together.

COMMUNE WITH THE DAARK carries that experience into music production, exploring darker sounds while embracing the emotions, connections, and moments of light that exist beyond them.
